

“There are two things you can always say about Great Open Door. They’re entertaining and educational. They always teach an important lesson in an imaginative way.”

(Comment by Head Teacher after an assembly)

We believe that children’s learning improves when they are engaged and enjoying the activity, so we try to build a ‘WOW’ factor into everything we do.

Capturing children’s imaginations

Our 45 minute whole school assembly presentations aim to capture children’s imaginations using dramatic story telling, exciting and funny scripts, bold visual aids and a team of presenters supported by an excellent sound system!

The combination of fast paced drama, music, puppets, competitions and memory verses; caters for different learning styles and holds the attention of all primary aged children, from Foundation Stage to Year 6 pupils.

We present the Christian faith and Christian moral values (which so often link directly into the ethos and values of the school) in relevant ways, so that children can relate to what they hear and relate what they hear to their lives. The themes are always timely and interesting and support schools in fostering children’s spiritual, moral, social and cultural development.
